RE: LPC #1190400006 -- MADISON COUNTY  
REILLY TAR & CHEMICAL CORPORATION  
ILD00627860  
PART B PERMIT APPLICATION

Dear Mr. Eastep:

This letter is to notify you that Reilly Tar & Chemical Corporation (Reilly) hereby withdraws its entire RCRA Part B permit application for the above-referenced facility. Reilly's Part B permit application originally included a drum storage area (S01), an enclosed waste pile (S03), and a treatment surface impoundment (T02). Now, however, as you know, Reilly has an approved closure plan for the surface impoundment and we recently (August 31, 1988) submitted a closure plan for the waste pile and drum storage area. Reilly's intent is to limit its hazardous waste management activities at the above-referenced facility to those that do not require a RCRA Part B permit, viz., operation as a generator with less than 90-day storage.

Please feel free to call me (317-248-6426) if you have any questions concerning this matter.

Very truly yours,

REILLY TAR & CHEMICAL CORPORATION
